As we, the departing ninth grade class here at Central, look back upon our three or more years here, we are able to see many gains we have made in the citizenship and scholarship fields. As we leave, we notice how well the seventh and eighth graders are progressing.

This three year period in our life is something we may not remember completely, but our actions as adults will be based partly on this period and the gains we have made during it. You, the seventh and eighth graders, still have one or two years left here in which you should try at your utmost to get more out of your school experiences.

Let your remembrances in your adult life of Central Junior be memorable and happy. This Annual can be one way of bringing these fond memories of friends and your school days at Central Junior back.

DEDICATION

by Dean Smits

It is with pride and pleasure that the journalism class of 1963-1964 dedicate this year's Annual to a former teacher of Central, Mr. Harry Williams.

Mr. Williams came to Central in 1938, and in his 25 years, taught mechanical drawing, social science, and mathematics. He handled his position very capably and gave many hours of his time to guide boys and girls on the right path.

We hope that Mr. Williams enjoyed his years at Central and that he will continue to live a long, healthy, and prosperous life.

Good Luck

Dear Pupils

Did you ever stop to think that you are a part of all the the people you have met? This includes fellow students as well as teachers. Every experience or conversation you have had with them has had some eflect upon your life and changed you a little.

We sincerely hope that your experiences here at Central Junior High School have been pleasant and that those of you who will be going on to senior high schools will look back on them with fond memories while those of you who will be returning are looking forward to next year with eagerness.

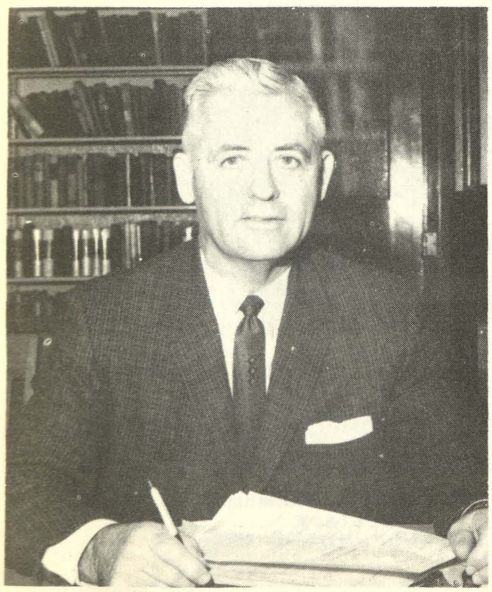
To all of you - - we wish you a pleasant summer vacation

Irving W. Burtt
Principal

As we say farewell to you who are leaving us this June, we would like you always to remember the good qualities which Central Junior has tried to instill in you. It is your responsibility to make the world around you a better place for your having lived in it; in doing so you will do your part to make our America stronger, safer, and happier.

Sincerely yours,

Josephine M. Klempnow



You have completed another year of your education, my best wishes go with you in the years to come.

Library Staff

by Craig Ruff

The library helpers this year, under the supervision of Miss Mary Miles, the librarian, were: Melanie Woods, Karen Bowen, Joyce Jordan, Kathy Fritz, Juanita Hernandez, Albert Hernandez, and Margaret Jenei.

Miss Miles, new to Central this year, also taught dramatics in the auditorium and room 208.

The duties of these young helpers were varied. They checked books in or out, put books back on the shelves, or tidied up the library.

Part of the staff worked before school in the morning, over the lunch hour, and after 3:00 in the afternoon.

Assemblies

by Gary Bremer

The first assembly of the year was the trial assembly which is designed to acquaint the students with all procedures connected with an assembly.

In December, the annual Christmas assembly was held. This was put on by the ninth grade auditorium class and the chorus classes. The supervisors of the play, entitled "A Christmas Carol," were: Mrs. Jenkins, the chorus teacher and Miss Miles, the auditorium teacher.

In March, the Saginaw High A Capalla Choir and Band presented an assembly. The chorus sang three sacred songs and then sang three old fashioned folk songs. The band played several numbers.

Ninth grade assemblies were held by the principals of Arthur Hill Tech and Saginaw High to explain the programs of the two schools to next year's prospective tenth graders.

In April, Dr. Myers, a noted speaker, presented an assembly entitled "The Romance of Words." This was a highly entertaining and stimulating humorous and thought provoking adventure into the fascinating world of words.

8th GRADE

Reflector Printers

by Tim Wehner

The ninth grade printing staff sets little type for the Annual, this year.

It is mostly typed, because Mr. Dunne, journalism and printing instructor, did not have enough time to give the ninth graders all of the areas in graphic arts.

Now the class does less production work and has more time to cover the different areas of graphic arts. The ninth graders still do some production such as tickets, programs, seventh grade handbooks, etc. It is controlled and fitted into a better program.

The Reflector printers are James Galford, Dale Garchow, James Hollis, Ludmond Kemp, Curley Lawrence, Jaime Ortiz, Randy Paquette, James Thompson, Stanley Welch, Earl Wight, and London Williams.

Journalism

by Tim Wehner

The journalism class was supervised by Mr. Dunne, who was advisor for the monthly Reflector and Annual.

Dean Smits was editor and Claudia Smits was assistant editor of the monthly Reflector. Craig Ruff was editor and Dean Smits was assistant editor of the Annual.

Other members of the staff included Secretary-Rolland Kovaleski, art editor-Rose Ferrell, feature editor-Larry Crawford, humor editor-Bill Badger, inquiring editor-Astrida Bramanis, typing editor-Craig Ruff, exchange editor-Gary Bremer, boys' sports editor - Sterling Jordan, girls' sports editor-Becky Foster, and reporters-Tim Wehner, Diane Zwingman, Oscar Bailey, and Karen Bowen.

Because so few students elected journalism, the eighth and ninth grade classes were combined.

Custodians - Maintenance

by Willie Badger

The custodians and maintenance department play an important part in keeping our school neat. They have many duties to perform every day such as mopping floors, sweeping, and going from room to room when something is out of order.

There are eight janitors, two firemen, and one engineer. The head janitor is John Morrel. The men that work under him are Ernest Lockwood, Robert Shepard, Harold Sanderson, Melvin Duve, Oakley Bracken, Florence Thomas, and Marguerite Judd.

Carl Phillips, the engineer, is here to keep the school warm and cozy for you and to keep all of the equipment such as the boilers, fans, electrical equipment, cafeteria equipment, and a thousand other pieces of equipment around Central operating effeciently.

The firemen who keep the fire going and maintain heat, steam, and hot water are Jerry Williams and Keith Williams.

Class Prophecy

by Astrida Bramanis

As I sit back in my lounge chair I see Willie Suber and James Henry announcing the eleven o'clock news.

Mrs. Ruff, the former PENNY ZAHAREOS, and Mr. Ruff are on their way to France where CRAIG RUFF is to be ambassador. CHARLENE GALLOWAY is also on the same plane as the Ruffs are, she is on the way to Paris where she plans to open a school for dogs.

LINDA KIRN and KATHY KENT are succeeding in a body-reducing program for women. SUSAN HARMON and ALMA WILSON, two of their students, were interviewed and when asked, they said they both were planning to enter MAIJA KUPSIS' modeling school.

But,across the street DENNIS LAPINSKI and TOM KACER aren't doing very well in their body-building program for men, because LARRY CRAWFORD and SHERMAN MORRIS are taking the 90-day course over again for the second time.

Next week there is to be a Star of Stars show in the LINDA MINNICH (former Audra Francis) Auditorium. PAT SWART and NANCY PERSICKE are going to sing their six hit songs, all of which made "Top-10." PAT SWART'S marriage to DON MURRAY is going to stop her singing career because Don insists that the woman's place is in the home.

Many marriages have become very successful in the past three years. Those who have married are: ELAINE BREWSTER to LARRY MOORE, ROSEMARY THURLOW to RONALD OSGOOD, CAROL WOLFGANG to DALE GARCHOW, PHYLLIS THOMPSON to MIKE ALLEN, and RUTH NARANJO to DAN RUPLE

DAVID HALBIG has just finished a rocket model that is to take DAN RUPLE and JIM THOMPSON to Jupiter and back (some of us hope).

Many fine teachers are teaching at Central. CAROLYN BELL has taken over Mr. Bickel's German class in room 205. GARY SPAULDING teaches civics in room 104. DAVE GILMAN is head of the English Department. MARGO BROOKS teaches Spanish. BARBARA KINDRED and SHIRLEY JONES both teach homemaking.

KEN THURMAN has opened a night club for teen-agers only. Business is growing rapidly; he plans to build a new addition and the head contractor is JESSE LUMBREROS. Ken's assistant manager is ROBERT RICHARDSON who sits around and does nothing. DAVID FICK and RANDY PAQUETTE have been hired as the head of the maintenance in the night club. YVETTE WOFFORD, DONALD LAUGER, and JANET WHITNEY do most of the work while David and Randy sit in the night club and watch the chorus girls practice. Some of these talented chorus girls are: BETH MORRISON, SUZANNE FOSTER, LILLIAN CABELLERO, and DIANE MURDOCK.

Well, it is time to go back to work now as I hear one of my 17 children calling me, but I want to add that I am proud that most of the good being done in this wonderful country is done mostly by my former fellow classmates of Central
